

CARL SALIDO MADRIGAL

Marinduque Province, Philippines | carlsalido.madrigal@gmail.com | 0964 178 7140

PROFESSIONAL SUMMARY

Entry-level Full-Stack Developer with hands-on experience building web and mobile applications using React, Node.js, Laravel, Flutter, and MySQL. Experienced in full-stack development, REST APIs, database design, Agile collaboration, and deploying academic and client-based systems.

TECHNICAL SKILLS

Languages/Frameworks: JavaScript, PHP, React.js, Node.js, Express.js, Laravel, Livewire, Flutter

Databases: MySQL, SQLite, Sequelize ORM

Tools: Git, GitHub, Docker, Postman, Android Studio, VS Code

Concepts: REST APIs, Database Design, System Analysis, Agile/Scrum

EXPERIENCE

OJT Intern / Full-Stack Developer

Jan - April 2026

Informatics College Manila

Recto, Manila

- Led a student development team in delivering three software projects during internship.
- Developed SwiftDocs, digitizing document request processing and reporting workflows.
- Built Tableo, automating judging, scoring, and candidate ranking processes.
- Created a Microsoft Power Automate solution for lead tracking and email automation.
- Contributed to frontend and backend development using Agile sprint methodology.

Freelance Full-Stack Developer

2024 - Present

Self-Employed

Marinduque

- Developed and deployed web and mobile applications using Laravel, React, Flutter, and MySQL.
- Designed database structures, implemented APIs, and maintained application features.
- Collaborated on requirements gathering, prototyping, and system deployment.

PROJECTS

SwiftDocs – Online Document Request System

React.js, Node.js, Express.js, MySQL, Docker

- Developed a web platform that streamlined student document requests, tracking, and reporting.

Tableo – Event Tabulation System

React.js, Node.js, Express.js, MySQL

- Built a digital judging system that automated scoring, rankings, and elimination-stage computations.

S.H.A.P.E. – Mobile Learning App

Flutter, Laravel, Livewire, MySQL

- Developed a mobile learning platform with interactive activities and progress tracking for special needs students.

CHL SmartSolutions – Inventory & E-Commerce System

Laravel, Livewire, MySQL

- Created inventory monitoring and low-stock notification features to support sales operations.

EDUCATION

Bachelor of Science in Information Technology, Major in Software Development

2022 - 2026

Marinduque State University | Cum Laude

Senior High School – Information and Communication Technology (ICT)

2020 - 2022

Marinduque Midwest College | with Honors

Junior High School

2016 - 2020

Bangbang National High School
